The theme of the 2017 Conference - One Step Beyond - builds on the themes of our earlier conferences. This is an invitation to all Presentation People to explore the concept of global citizenship and the ways in which individuals and our communities respond to the needs of others in our world.

"If I could be of service in serving souls in any part of the world, I would gladly do all in my power."Nano Nagle

Where are the dark windy lanes of Cork in our communities today?

Our conference will explore global citizenship and our speakers will inspire and challenge us by sharing their work that takes them one step beyond. They will share with us where they are called, in the same way Nano was called into the windy streets of Cork.
