Story of Impact: IPA Justice Contacts

The IPA Justice Contacts are Presentation Sisters and Presentation People located in over 20 countries who work to advance the strategic goals and advocacy focus of the International Presentation Association at local, national and global levels. Justice Contacts collaborate to facilitate grassroots actions, plan global advocacy and to strengthen their awareness of the Sustainable Development Goals, the Human Rights framework and other UN issues, topics and processes.

UN Connection

"Capacity-building is defined as the process of developing and strengthening the skills, instincts, abilities, processes and resources that organisations and communities need to survive, adapt, and thrive in a fast-changing world. An essential ingredient in capacity-building is transformation that is generated and sustained over time from within; transformation of this kind goes beyond performing tasks to changing mindsets and attitudes."
