

Izzy – Star of the Sea, VIC (Secondary)

In the heart of Cork, a spirit shined bright,
Nano Nagle, born a beacon of light.
With a heart full of grace, and a little suitcase
She set off to create an educational place

With schools as her canvas, she painted the
dream,
To nurture the minds of the young and let
knowledge beam.

In a world that was harsh, she taught them to
be strong.
A powerful teacher that helped them to belong
With each learning lesson, she gave signs of
hope,
Giving strength to the weary, teaching them to
cope.

The Presentation mission, a legacy ever grand,
In the hearts of many, her teachings still stand.
So here's to Nano, whose kindness won't fade,
In the books of history, her mark will be made.
